# About Us

When Ms. Gomez & Mr. Gallagher met, not only was it love at first sight, it was the beginning of a shared love for people, food, beverage & experiences.

Boom - Couple of G's Hospitality was born.

Mr. Gallagher has a decade of experience in hospitality & beverage, working inside of Chicago's most popular restaurants & bars such as Au Cheval, The Way Down at Ace Hotel, & Blind Barber.

Ms. Gomez started her career in experiences by working on music festivals & experiential events in Austin, Texas. She then made her way to Chicago building her formal background in marketing & advertising at Havas, Soho House, & Nike.

We can go on & on about the amount of experience we have within the hospitality & experiential space, but, basically -we know how to throw a party!

Couple Of G's was hired to carve out an elevated cocktail bar & menu with WANDR's existing event space and staff for the world-renowned artist, Yayoi Kusama's DOTS exhibit- opening.

The goal in creating this cocktail menu was to find connection between his album, Acid Rap, and our beverages in any capacity.

Using Kiwi Mystic as a nod to the lyrics from "Smoke Again," and Butterfly Pea Extract to make the cocktails purple in color, we successfully matched Acid Rap's cover art.
